

Adoption Application Overview

Our adoption process typically takes **2–5 days**, or up to **7–10 days** for purebred or highly sought-after dogs. Please be patient and ensure all details below are complete to help us process your application quickly.

Housing Information

- **Renters:** Confirm with your landlord or property owner that pets are allowed, including any **weight or breed restrictions**.
 - Include their name and contact information—applications without this will not be processed.
 - Notify them that CCFR will be in touch for verification.
 - **Homeowners:** Verify with your city or municipality that there are **no breed restrictions or bans** for the dog you're applying for.
-

Veterinary Information

- Provide **full contact information** for your **current and/or past veterinarian** (not just clinic name).
 - Give consent for records to be released to CCFR.
 - All resident dogs must be **spayed/neutered** and **up to date on core vaccinations**.
 - **Heartworm testing and prevention** are strongly recommended.
-

Additional Guidelines

- Please **respect all recommendations** listed in each dog's bio, including those related to children's ages and compatibility with cats, to ensure a safe and successful match.
 - **Yard videos** can be emailed to corgisandfriends@gmail.com if not attachable to your application.
 - Provide **two personal references** (not relatives, co-applicants, or your vet).
 - All family members and resident pets must **meet the potential dog** before adoption.
 - **We do not adopt out littermates or multiple young dogs together.**
-

Communication & Availability

- Watch your email (and add us to your safe sender list) for updates.
 - Due to high demand, **we do not hold dogs**.
 - Please apply only if you're **ready to adopt within 7–10 days**.
 - If you're moving, traveling, or recovering from surgery, please wait to apply.
-

Our Commitment: We carefully evaluate each application to ensure the best match between dog and adopter. Dogs will **not be placed in outdoor-only homes** (except approved livestock guardian dogs). Our dogs are family companions and should live indoors as part of the household. Click here for Meet and Greet/Adoption Application [Meet/Greet and Adoption Application](#)
